We'll go as long as we need to. Our WQS folks can't start until after noon.

Hi Tim - that date and time should work although we may need more time than 3 hours ... depends on the issues we need to discuss.

Hi Tim I believe that will work ... will let you know later today.

Harry:

How about the afternoon of Wed March 23? I could block out 1-4pm if needed.

Tim - we need to set a date for our next meeting so I can let others arrange travel (likely only Bill Winters) ... if you provide comments on March 16 can we meet the week of March 21st? Harry

In response to your request, here is the list of cites from the draft final rule in which we have [REDACTED]

Ex. 5 - Deliberative

We tentatively propose [REDACTED]

Ex. 5 - Deliberative

Ex. 5 - Deliberative

One other note: Please do not spend time (or have your staff spend time) reviewing Parts 783, 784 (except 784.20), and 817 (except 817.121) in the draft rule text currently in your possession. Those parts deal with underground mining and they are mostly identical to Parts 779, 780, and 816, respectively, for surface mining. Therefore, we have not revised the underground rules until we complete revisions to the corresponding surface mining rules.

Thanks,

Dennis
